ANNUAL REPORT

5th January 2009 @ Bharath Seva Dal Jnana Bhandar School, Kumarapark

Interactive sessions for 10th grade students were conducted on Pre Examination Preparation, Memory Power Techniques & Career Guidance. Experiential Learning was the mode of delivery which ensured each and everyone's participation. With inquisitive and high rate of retentive information shared, students participated whole heartedly ensuring complete efficiency. With teachers also blending in, these sessions turned livelier with additional inputs coupled with informal learning for the taking.

7th January 2009 @ Government High School & Pre University College, Sagar

Zav dreams of reaching out to the rural student population of the country by empowering their skills and visualizes enhancement in their productivity to the maximum limit. The first step in this endeavour was initiated when we got an invite from Mr. Gangadharappa, Principal - Government High School & Pre University College, Sagar. While sessions on Pre Examination Preparation, Memory Power Techniques & Career Guidance was conducted for school students, Pre University College students focussed in their additional career guidance sessions. These workshops helped the students in understanding their abilities and assisted them in exploring the intent to know things in detail for brighter future. Teachers were impressed by the way sessions were carried out as we were able to address plenty of students in a single day's time. The sessions were so interactive that, even after completion, students-trainer question & answer session extended till late evening.

9th January 2009 @ Sandeepini School, Shimoga

Sessions for Grade 10 students on Pre Examination Preparation, Memory Power Techniques, Meditation & Career choices were conducted. Experiential Learning was the mode of delivery which ensured every individual's participation as the sharing of information was of high rate of retention. Participation of teachers doubled the outcome as sessions on the whole contributed to extra learning from the live inputs to the existing condition of students.

9th January 2009 @ DVS Composite Pre University, College, Shimoga

Memory Power Techniques, Reading habits, Hobbies, Body Language & Pre Examination Techniques were a few topics that were shared with the bunch of Grade 10 students of this aided government school. Teachers were a part of this workshop and added their views too which helped students in understanding the power of various study techniques which were shared with them. The students thronged to know more and more as we spoke about different hobbies.

26th January 2009 @ Tirumala Rural Development & Learning Centre, Kanakapura

Zav was invited to celebrate Republic Day with the specially enabled students of Tirumala Rural Development & Learning Centre based out of Jakkasandra located near Kanakapura Taluk (Ramanagar District). Flag Hoisting, National Anthem, Address from the Founder – TRDLC and finally bhakthi geethe (inspirational song) from all the students to praise the freedom fighters was in the agenda of this day.

7th, 8th, 14th & 15th February @ Tirumala Rural Development Centre, Kanakapura

Yoga Training was organized for specially enabled students of Tirumala Rural Development & Learning Centre located at Jakkasandra, Kanakapura Taluk (Ramanagar District). This training helped students to improve their abilities to complete the tasks given at the learning centre. As a follow up process, the school authorities nominated one of the student as monitor and they have continued practicing Yoga on a daily basis thereafter.

30 March – April 2009 @ NISF, National Institute of Technology, Hamirpur, Himachal Pradesh

Mission Zav's concept was presented at National Indian Students Forum organized by National Institute of Technology, Hamirpur situated at Himachal Pradesh. This was a national forum where students from different states representing their colleges were present to understand and brainstorm on various engineering, educational problems/ issues in the country and how the entire team could play the role of a catalyst obtaining better solutions. The concept's vibrancy and tremendous contribution in the social cause was highly appreciated by Educationists, Industry Representatives, Students & Guest Speakers. Students from various places like Srinagar (Jammu & Kashmir), Bhubaneswar (Orissa) & Chennai (Tamil Nadu) picked up the concept and implemented small projects in their respective places.
